League Executive change:

Jason Dale is retiring as League president. The position will need to be filled prior to the start of the 2015/16 season.

- Ice time has already been set with TED Reeves and Sports dome

Goalies:

An informal proposed Goalie fee reduction has been discussed and agreed upon.

- Goalies would pay in full at the start of the season as other league members
- A proposed \$10 refund will be provided for every game played for their team, resulting in a potential of \$270 in league fees (~60% reduction in fees)

Vice President , Andy Campbell will be staying in touch with all wait list goalies and subs. The list will be kept current and will be distributed to the league Captains and executives to draw from when in need

League fees:

League fees have not yet been finalized. We are evaluating the option of maintaining the same fees as last season and draw from a surplus pool from last season's revenue. Fees will vary from \$445-455 per player.

Draft and new/returning players:

- Only 3 new players were at the draft skate.
- No teams currently need any players
- Bill Stanton has served his 1 year suspension and is being re-instated into the league. He will be with his former team, the Bruins.

- Rules Committee Chair will be drafting a letter for his return.
- He will be under probation for the season
- Any suspendable offense will result in expulsion from the league

Insurance/Waivers:

All players will be required to sign waivers to be eligible to play in the league.

Referee's:

Referee's participating in games from 12-1 (nights that the Bubble does not have ice in it yet) will receive \$50 additional their regular pay.
